

## Have we got a good “Fit” for you!

With the **Fit** underwriting credit program from Mutual of Omaha.

Your clients don’t have to be Olympic-caliber fit to qualify; they get credits for basic quality health maintenance.

### It’s helpful to think of **Fit** like this –

You are **Fit** when:

You and your family are physically and financially **Fit**

People who have positive factors in the **Fit** categories tend to have better mortality. So, on those cases that might be mildly or moderately rated, when individuals have positive health factors, we offer extra mortality credits. These credits apply to all fully underwritten **TERM & UNIVERSAL** life insurance policies offered by United of Omaha & Companion Life Insurance Companies.
